LEOTARD - STATE ADOPTION

The Colorado High School Activities Association (CHSAA) has approved a state adoption regarding leotards. Specifically, a state adoption has been put in place to allow school names, nicknames, logos, mascots, and competitor names on leotards before 2030.

This state adoption overrides upcoming National Federation of State High School Associations (NFHS) rule revisions. Under the 2026-28 NFHS Girls Gymnastics Rules (Rule 3-3-2 and 3-3-3), revised requirements will prohibit school names, nicknames, logos, mascots, and competitor names on uniforms, but these restrictions will not be enforced nationally until the beginning of the 2030-31 and 2031-32 seasons. By implementing the state adoption, CHSAA will formally allow schools to display these identifiers on competition attire leading up to the 2030 season.
