_____

_____

_____

_____

_____

_____

_____

_____

_____

Participation in high school sports is not without risk. The student-athlete and parent/guardian acknowledge truthful answers to the above questions allows for a trained clinician to assess the individual student-athlete against risk factors associated with sports- related injuries and death. CHSAA bylaw 1780.1 states, "No pupil shall participate in formal practice or represent his/her/their school in interscholastic athletics until there is a statement on file with the principal or athletic director signed by his/her/their parents or legal guardian and a practitioner licensed in the United States to perform sports physicals certifying that: (a) he/she/they has passed an adequate physical examination within the past 365 calendar days; (b) that in the opinion of the examining licensed practitioner, he/she/they is physically fit to participate in high school athletics; and (c) that he/she/they has the consent of his/her/ their parents or legal guardian to participate. This preparticipation physical evaluation shall be completed each year before participating in interscholastic athletic competition or engaging in any practice, tryout, workout, conditioning, or other physical activity, including activities that occur outside of the school year.

We hereby state, to the best of our knowledge, that our answers to the above questions are complete and correct. No pupil shall participate in formal practice or represent his/her/their school in interscholastic athletics until this form is completed in its entirety and page 4 is on file with the principal or athletic director signed by his/her/their parents or legal guardian and a practitioner licensed in the United States to perform sports physicals certifying that: (a) he/she/ they has passed an adequate physical examination within the past 365 calendar days; (b) that in the opinion of the examining licensed practitioner, he/she/they is physically fit to participate in high school athletics. The CHSAA Sports Medicine Advisory Committee strongly recommends a medical evaluation with your healthcare provider for risk factors of sudden cardiac arrest which may include the special tests listed above.

Student-Athlete Name: _____ *(printed)* Student-Athlete Signature: _____ Date: ___/___/___

Parent/Guardian Name: _____ *(printed)* Parent/Guardian Signature: _____ Date: ___/___/___

Parent/Guardian Name: _____ *(printed)* Parent/Guardian Signature: _____ Date: ___/___/___
